## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. The following is an examiner's statement of reasons for allowance:

Regarding Claims 1, 11 and 27, prior art fails to show alone or in combination that a media streaming delivery system comprising switching means to retransmit a media stream in which an I picture appears earliest after a lost packet in response to determining the lost packet. It is noted that the closest prior art, Mizutani et al, U.S. Publication No 20020138846 disclose that a media streaming delivery system, which is able to determine lost packets of a media stream and report the loss in terms of the sequence number of the lost packet from the receiver back to the transmitter. However, Mizutani et al fail to disclose or render obvious the above limitations as claimed.

The dependent claims 2, 5-6, 7, 12-14, 16-18, 27-31 and 33 are allowable because they are the depending claims to the allowable independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
